

# Open Purchase Order Report—By Vendor Number

**Availability:** CompuPawn—Purchasing and Receiving

**Inputs Used:** Determine selection parameters (Vendor, PO Number, etc.)

• *Start Vendor / End Vendor* = {Specific vendor number, or range of vendor numbers, for the vendor(s) desired. }

**Example:** This example shows all open POs that contain merchandise ordered from a specific vendor. Use this report to contact the vendors to determine the status of your PO. This Open Purchase Order Report does not print all the fields on the PO. However, the item description, quantity and pricing information for the items ordered are listed on this report.
